ANTALYA AND ITS HISTORY

Antalya, the pearl of Turkey on the Mediterranean coast, is a tourism paradise that fascinates its visitors throughout the year with its historical heritage, natural beauties and mild climate. The city, founded 2,200 years ago by King Attalos II of Pergamon, has hosted many civilizations throughout history, such as the Lycians, Romans, Byzantines, Selçuks, and Ottomans, and has preserved traces of these cultures to the present day. This multi-layered history is revealed with many works ranging from ancient cities to castles, mosques to theaters. It looks like you've provided an English version of the translation. Would you like to make any adjustments or need help with something else related to the text? This multi-layered history is revealed with many works ranging from ancient cities to castles, mosques to theaters.

Kaleiçi, known as the heart of Antalya, is the oldest settlement of the city. As you walk through its narrow streets, you can see houses from the Ottoman era, Hadrian's Gate from the Roman period, and the Yivli Minaret, a Selçuk structure. The charming atmosphere of Kaleiçi is a place where ancient and modern life are intertwined. Additionally, in this area overlooking Antalya Harbor, you can enjoy the sea view and explore the city by getting lost in the historic streets.

One of the historical riches of Antalya is the **Ancient City of Perge**, which is very close to Belek. Perge, famous for its massive structures, colonnaded streets, and theater from the Roman period, was one of the most important trade centers of Anatolia in ancient times. Additionally, the **Aspendos Ancient Theater**, located about 21 kilometers from Belek, is one of the most impressive ancient theaters in the world, renowned for its excellent acoustics and well-preserved structure. Still used for concerts and festivals, this theater is a magnificent example of Roman architecture.

The natural beauties around Antalya are at least as impressive as its historical riches. The city has a unique geography where the sea, mountains and forests coexist. **Duden Waterfall** is one of the most popular natural attractions of Antalya. You can take a walk in the refreshing atmosphere of the waterfall and enjoy nature. In addition, **Kurşunlu Waterfall** is located in a lush valley and is an ideal escape point for nature enthusiasts.

Antalya also offers a combination of nature and history with ancient cities such as **Olympos** and **Phaselis**. Olympos is one of the important cities of the Lycian civilization and attracts attention with its magnificent nature surrounded by the sea. You can take nature walks in Olympos National Park, enjoy the sea and the forest. Located in the **Çıralı** region, **Yanartaş** offers a mystical atmosphere with natural gas flames that illuminate the night and has been the subject of ancient mythologies.

Köprülü Canyon, located in the west of Antalya, is a magnificent destination for both extreme sports and nature lovers. You can spend a day full of activities such as rafting, hiking and camping, and have a peaceful nature getaway accompanied by the magnificent views of the Taurus Mountains. At the same time, the canyon area also attracts attention with its rich vegetation and wildlife.

Antalya's coastline offers the turquoise waters of the Mediterranean and golden sandy beaches. **Konyaalti** and **Lara Beach** are some of the beaches that are close to the city center and easily accessible. In addition, holiday resorts such as **Kemer**, **Kas** and **Alanya**, which can be reached by a short trip from Antalya, also fill the eye with their clear sea and modern tourist facilities.

MORE THAN 2,500 NESTS HAVE BEEN TAKEN UNDER PROTECTION ON THE BEACHES OF BELEK, WHICH IS ONE OF THE LARGEST NESTING AREAS OF SEA TURTLES THROUGHOUT THE MEDITERRANEAN.

PLEASE SUPPORT OUR CONSERVATION EFFORTS TO PROTECT AND COEXIST WITH SEA TURTLES DURING THEIR BREEDING SEASON, WHICH TAKES PLACE BETWEEN MAY 1ST AND OCTOBER 1ST.
